MONEY, STOCKS AND GRAIN

Apart from Reading, the Special Feature of the Day Was Sugar Trust.

Business in the Industrial Leader Run Up to Over 70,000 Shares-At Indianapolis More Life Was Displayed on the Board.

THE BOND MARKET.

Early Strength in Railroad Issues Gave Way Later to a Drooping Tendency. At New York, yesterday, money on call was firmer at 51/2 to 15 per cent., the last loan being made at 12, closing offered at 12,

Prime mercantile paper, 6@61/2 per cent. Sterling exchange was quiet but firm, with actual business in bankers' bills at \$4.86 for sixty days and \$4.8734 for demand.

The total sales of stocks were 386,000 shares, including the following: Cotton Oil, 13,100; Chicago, Burlington & Quincy, 7,100; Chicago Gas, 22,400; Distilling, 3,900; General Electric, 3,100; Louisville & Nashville, 6,500; Missouri Pacific, 4,400; National Lead, 3,800; National Cordage, 11,000; New England, 19,400; Northern Pacific preferred, 11,800; Reading, 75,600; Rock Island, 4,700; St. Paul, 18,500; Sugar, 70,200. West-

ern Union, 8,900. The stock market showed more than a professional character yesterday, but covering by the shorts was apparently concluded, and, this element of strength being removed, prices fell off at first. The decline was accelerated by the bear sellinging, in addition to which the traders were again inclined to go short of the list. Apart from Reading, New England and Northern Pacific preferred there was little special feature in the railroad list, while Sugar monopolized attention among the industrials. The brokers identified with the leading bear operators were persistent sellers of Sugar during the forenoon, but Mr. White came into the market as a buyer and the story was circulated that the dividend will positively be 51/2 per cent., giving color to the late rumors and justifying the action of those who have been so confidently offering 5 per cent, for the dividend of late. There is no assurance that there will be anything but 3 per cent., however, and the event only will reveal whether the offerings were a speculative dodge or made entirely on official assurance. Reports were that Reading's floating debt has reached the enormous figure of \$17,000,000, and had a decidedly depressing effect in conjunction with other reports of unfavorable nature. With the appearance of inside support on Sugar, traders again displayed a disposition to work for a rally, but money became scarce, and 15 per cent. was ex-acted for loans running till Monday. This put a damper on the buying sentiment and while Sugar was carried back to its best figure, the rest of the market was sluggish and closed barely steady at only slight gains over that of lowest figures. Sugar was the only stock showing an advance of note, its gains be-

ing 14 per cent. Railroad bonds were quiet, but moved in sympathy with the stock list, and the early strength was replaced by a drooping tendency late in the day. Chicago & Erie incomes moved up to 41, but Reading firsts retired from 514 to 484. Other changes were generally for small fractions, Government bonds were steady to firm.

State bonds were dull and steady. Closing quotations were: Four per cet. coup.113 |Louis. & Nash.... 73% | L. & New Albany. 23% Pacific 6's of '95...105 Missouri Pacific. 5434

at London, 383/16d. The following table, compiled by Bradstreet's, gives the clearing-house returns for the week ending March 2, 1893, and the percentage of increase or decrease, as compared with the corresponding week last year in the principal cities:

New York \$821,985,099 Increase, 12.1 Chicago..... 107,974,385 Increase, 14.1 Boston.... 103,124,475 Increase, 13.1 Philadelphia.... 83,560,542 Increase. 5.0 St. Louis..... Increase. 11.8 25,374,519 15,846,215 Baltimore..... 16,006,972 Increase, 14.2 16,927,350 Increase, 18.5 Cincinnati..... Indianapolis 4,006,411 Increase. 13.1

The total amount of clearings in the | 85c lb box. United States last week was \$1,370,596,008. being an increase of 12.3 per cent. Total for all cities, excluding New York, was \$548,610,909, an increase of 12.5 per cent.

LOCAL GRAIN AND PRODUCE.

Trade Steadily Improving with the Improved Highways and Milder Weather.

In all departments there is a more active trade noticeable, and indications are that the volume of business this month will largely exceed March, 1892, for the reason that money is more plentiful, stocks are lighter than last year at this period, and retail merchants, as a rule, are in better shape financially. In prices changes were few yesterday. In many lines lower prices must soon rule, especially so in provisions, produce and vegetables. Receipts of poultry and eggs are increasing, and prices consequently weak. Tallow has gone off le, but is now selling at double the usual figures.

The grain market showed more activity yesterday. There was a better attendance on 'Change and more life to the bidding. Prices were stronger. Track bids ruled as

Wheat-No. 2 red, 674c; No. 3 red, 63c; No. 4 red, 55c; rejected, 50c; wagon wheat, Corn-No. 1 white, 41c; No. 2 white, 41c; No. 3 white, 41c; No. 4 white, 39c; No. 2 white mixed, 40c; No. 3 white mixed, 39c; No. 4 white mixed, 38c; No. 2 yellow, 3912c; No. 3 yellow, 38% c; No. 4 yellow, 38c; No. 2 mixed, 39 4c; No. 3 mixed, 39c; ear, mixed,

SPASMODIC GRAIN MARKET

Wheat Tumbled with a Crash Just Before the Close, Causing a Semi-Panic.

Concerted Rush of Those Who Had Bought Heavy Lines to Scalp Off Profits by Selling Flooded the Market for the Time Being.

TRADING AT CHICAGO.

Little Traders Kept Dodging Between Grain and Provision Pits to Save Themselves. CHICAGO, March 3.-Wheat came down with a crash to-day. It was near the end of the session and was the outcome of a semi-panic caused by a number of longs simultaneously attempting to snatch their profits when the market reached 79c for May, an advance of 1 sc over last night's closing figures. The price, almost shot down from 79 to 77%c. losing all to-day's advance and 'sc additional. July was less bullish early than May and not quite as weak on the break. It closed at 75%c. after selling at 77c in the morning. Corn broke readily when it received encouragement from the wheat pit. Compared with yesterday's final price May corn is %c lower. Provisions were strong, but the gains in the end were limited to 24c in pork, .05c in July lard and .05c in ribs.

Trade was large in the aggregate but spasmodic and the feeling nervous. The market was irregular at an advance of 4 @ sc. Prices receded, however, then rallied 4c, yielded to previous inside figures, but advanced &c, receded &c, then advanced 4c, but weakened and declined 1%c and closed weak at the inside prices with a loss of % @ 4c from yesterday. Although there was good buying at times by outsiders, there was not the urgent demand from shorts that out such a figure yesterday. The local traders were disposed to follow any big leader and the highest prices were made on the bidding by one of the largest holders. There was good selling by some of the largest buyers of vesterday and free selling on the break by the largest shorts. A feature of the trading was the free selling for July, causing it to sell at one time at 21se under May, against 19se yesterday. At the close it was 1%c. There was considerable comment over the fact that other markets failed to follow the bulge here to any extent.

In corn, at the opening, fair firmness was denoted, prices indicating a gain of about 4c over yesterday's closing. The initial advance did not hold, however, the support proving inadequate, even in the light of stronger cables and a fair cash demand for relatively small spot offerings. A few prominent operators identified with the bear party entered as sellers, and their offerings proved too much for prices, which sold down 1/2 @ 1/80, later recovering feebly. The final weakness was in line with the down turn in wheat, with general and heavy selling, which placed prices at the close at the low point of the day.

There was not as much demand from shorts in oats, except for a period at the opening, when the highest prices were recorded. It soon subsided and a little more pressure to sell caused weakness and a decline of %c. and the market closed easy at inside prices.

The provision market was fairly active. Receipts of hogs were 18,000, against estimates of 15,000. At the start there was an advance of 10c for pork, .05c for lard and .02120 for ribs. Pork declined 22120 from the opening price, but soon recovered its earlier tone, and from the low price rose 50c per barrel, 25c of which it lost again in the latter part of the session. Lard was comparatively steady, with Hately taking advantage of hard spots to sell a moderate amount. The Cudaby Packing Company was selling pork on the advance, but bought freely of ribs through Schwartz-Dupee and the North American Packing Company. There is a constant demand from the country for cash ribs at the price being realized for the May delivery. Estimated receipts for to-morrow are:

Wheat, 190 cars; corn, 210 cars; oats, 120 cars; hogs, 10,000. The leading futures

A Few Recipes. Hamburg Steaks-Take a piece of beef. from which you remove all skip, fat and sinews, chop the meat up very fine, season it to your taste with salt and cayenne pepper, then add a small scarlet onion and a little garlic chopped very fine; wet your hands and mold or form the mass into small round stakes, about an inch in thickness; fry them in butter, first on one side and then upon the other, place them upon a hot dish and pour a hot tomato sauce over them, or serve them simply with the

butter in which they were fried poured Minute Pudding-Properly made this is a most delicious dessert, but ite is also true that when rightly made its name is a misnomer, since many minutes are required instead of one. The fresher and richer the milk the better the pedding. The moment the milk reaches the boiling point have an assistant ready to stir in five tablespoonfuls of flour that has been wet to a smooth batter with one cup of milk reserved from the quart, and while this is being done stir faithfully. Now place at once over a vessel of boiling water and let it cook five minutes longer; stir in two well-beaten

eggs and cook three minutes more. Serve at once with any nice sauce. Home-made Candy-An odd and delicious candy is made by boiling a pint of cream with a pound of maple sugar; put them over the fire together and let them heat slowly until the sugar is melted, then boil rapidly for one hour; if the sugar is very moist longer boiling will be required. Pour into well-buttered tin pans lined with wax paper: when partially cold out into squares like caramel. Just before it is taken from the fire walnut or butternut meats are

sometimes dropped into one part of it for Fruit Luncheon Cake Without Sugar-Reserve some yeast bread dough prepared for the baking pan. Work into a quantity sufficient for two large loaves of bread, one cup of chopped fresh raisins and one cup of currents, carefully washed. Roll thin, cut into strips four inches long and two broad. With a sharp knife slit down the center of each strip, leaving the edges untouched; twist each strip fancifully, fry in hot lard, drain quickly and dip in melted brown sugar which has been allowed to reach the boiling point, and when cool, flavored with

Wherefore a Hoop Skirt? Memphis Appeal-Avalanche.

a half teaspoonful of vanilla.

Ward McAllister says: "If a woman asked me to kiss her I should decline to do so. I have, in fact, had more than one such experience." Ward ought to provide himself with a barbed-wire boop skirt as a protector against importunate kissers.

Nobody Else Loves Them.

Philadelphia Times. Robert Louis Stevenson is, on the authority of his wife, always in love with the characters he creates. He is excusable. Some of them need somebody to love them.

DUN & CO.'S WEEKLY REVIEW

Industrial Production Has Never Been Surpassed at This Season.

Feature of the Closing of President Harrison's Administration Has Been Unusual Demand for Money Which Is Fairly Easy.

NEW YORK, March 3.-R. G. Dun & Co.'s

weekly review of trade says: The great

feature for the past fortnight has been the unusual demand for money from the West and South, which has drawn large sums from New York, and telegraph reports show that while money is tight at only one or two small points, there is strong demand at Boston and Detroit and at Chicago, where the drain from the West is heavy, and at Milwaukee, and a fair demand at St. Joseph, while money is fairly easy at Cleveland, in light demand at Philadelphia and Kansas City, and also easy with light demand at Mobile and New Orleans. The large withdrawals from this city under these circumstances are by many attributed to distrust of speculative operations here. The situation is, to a large extent, waiting on the action of the new administration, but it is evident that a better feeling has prevailed during the past few days, and rates here, after rising from 4 to 6 per cent., have failen to 5 per cent. Though weather curtails trade at Boston, the feeling is confident. Philadelphia reports excellent prospects for lumber. Trade in paints, oils, glass and naval stores is quiet; but fair in shoes, good in paper, and very satisfactory in carpets, while in knit goods business is the best for years past. Pittsburg reports better trade in iron, with good demand for finished products, and very fair prospects for hardware. At Cleveland trade is fairly good, the rolling mills full of orders, and there is promise of brisk trade in lumber. At Cincinnati the drygoods trade is 15 per cent. better than last year. At Detroit the outlook is good. At Indianapolis the bicyle trade is larger than a year ago. Chicago trade is interrupted by the weather and local strikes, but is large in volume, and especially in real strong on all grades, both natives and Texestate, and receipts of flour, butter, barley, wool, cheese and wheat show large increase over last year, though in hides, dressed beef, lard. hogs and rye decrease appears. The weather hinders trade at Milwaukes and St. Paul, collections being slow, but last year at St. Joseph, shows activity in Kausas City and at Denver is very fair. Southern points report improvement, especially Louisville, Chattanooga, Little Rock, Memphis and Knoxville. At Columbus trade is dull and at Atlanta quiet. At Charleston fertilizers are active, and at Mobile and New Orleans building trades are very active, though general trade does not quite equal expectations. Speculative markets have waited for developments. The defeat of the anti-option bill was followed by an improvement in grain, and while wheat had fallen 24c, it has since risen 2c, sales for the week being 22,000,000 bu. Corn is 40 and oats 40 higher, but pork products are slightly lower. Cotton declined an eighth, because the expected settlement of the English strike did not come. Butter and eggs have declined sharply, and copper is weaker at lifted tin to 20.37c. Dry goods trade is 12c and lead at 8,90c, though speculation has strong. Cottons are stronger, sheetings being all sold ahead, and business in carpets and wool knit goods is especially large. In the iron business consumption is enormous, but products are relatively greater and concessions are frequent for pig not of the best grades, while bar is at the lowest point ever known. Plates are demoralized in price, though the mills are busy and structural works are quite well employed. In general, the industrial production has never been surpassed at this season. The business failures for the past seven days number 251, as compared with a total of 230 last week.

PENSIONS FOR VETERANS,

Residents of Indiana and Illinois Whose Claims Have Been Allowed. Pensions have been granted the follow-

ing-named Indianians: Original-John S. Brown, Henry G. Dearmond, John Riddle, Archibald Watts, Alexander Goldman, John M. Gilliland, William Swain, Samuel Caple, James S. Smith, Thomas Scrogham. Watson, Margaret Wilson, Mary A. McKinstrey, Maria Sweeney, Endess Broutlett (mother). Zurilda Hutchinson, Martha E. Peterson, minors of Owen McKnight, minors of William W. Ray, minors of John D.

Injustice to a Woman.

Philadelphia Times. The trial of Lizzie Borden will not take place before June or July, even if it does not be further continued until the September term. And this long and cruel delay is tolerated because the Fall River police dare not face a court with their evidence, and because there is no legal light in the State big enough to act as substitute for a sick Attorney-general.
